

Puppy Contract Health Guarantee

To the best of my knowledge this puppy is in good health at the time of sale. The health guarantee requires the buyer 5 days from the date of purchase to have the puppy checked by a licensed veterinarian. Should the veterinarian find any major health problems, not including parasites or fleas, we will help you with the vet bills up to amount of price you paid for the puppy. (In the first 5 days) An invoice from a licensed veterinarian will be needed as evidence of puppy's illness in order for us to help cover the costs. No refunds will be made if you cant keep the puppy because of its behavior or are allergic to it.
